

# 34<sup>th</sup> AGM of MRSI and 5<sup>th</sup> Indian Materials Conclave 12 -15 December, 2023

organized by the

**School of Materials Science and Technology  
Indian Institute of Technology (IIT) Varanasi**

The 34<sup>th</sup> Annual General Meeting of MRSI and 5<sup>th</sup> Indian Materials Conclave from December 12 - 15, 2023, is being organized at IIT BHU, Varanasi in collaboration with Materials Research Society of India (MRSI). This is a series that is being conducted along with Materials conclave. This meeting is intended to provide a valuable forum for interaction between researchers working in the area of materials to present technical findings of their research, to network within the country among the material scientists and to increase the breadth of their general materials based boundaries. We welcome all academicians, scientists & technologists working in materials science in India or outside India to this exciting conference.

**Patron**  
Prof. P. K. Jain, Director  
IIT (BHU), Varanasi

**Convenor**  
Dr. Chandana Rath,  
SMST, IIT (BHU)

**Treasurer**  
Dr. Shrawan Mishra,  
SMST, IIT (BHU)

### **Themes:**

- > Electronic materials for sensors
- > Electrical, Photonic materials and devices
- > Glass, glass ceramics and its applications
- > Ion matter interactions and its applications
- > Magnetic, spintronics, and superconducting materials
- > Computational materials science and its applications
- > Neuromorphic devices
- > Soft and biomaterials
- > Structured materials and alloys
- > Quantum materials and applications

### **Technical Sessions:**

- > Key Notes
- > Oral Presentations
- > Plenary Talk
- > Posters
- > Invited Talks
- > Industry Presentations

### **Important Dates :**

- |                          |                            |
|--------------------------|----------------------------|
| Early Bird registration  | 10 May 2023 -31 July 2023  |
| Abstract Submission      | 03 April 2023 -03 May 2023 |
| Intimation of Acceptance | 10 May 2023                |
